   i. The proposed Event conflicts with other Events, functions, or activities.
   j. Intended guest count exceeds Fire Marshal-approved occupancy.
II. Procedure Details

A. Areas of Responsibility

Student Success: The Division of Student Success shall be responsible for ensuring compliance with the Major Events Policy and Procedures, by educating campus community members, providing training, and taking corrective action as needed. The Vice Provost for Student Success shall assume the responsibility of Major Events Approval Authority and may delegate this authority as outlined in section IB of these procedures. The Division of Student Success will maintain these procedures and all applicable policies, and will oversee the Major Events Approval Process.

As appropriate, the Major Events Approval Authority shall deny Major Event approval if the applicable policies and procedures have not been followed.

The Facilities Manager will be trained to assess a reservation request, in order to ascertain if the proposed event may be a Major Event.

Event Sponsor: Event Sponsors shall be responsible for costs associated with the Major Event; for the planning, security, and implementation of the Major Event (where planning includes but is not limited to determining the Major Event’s program or content and advertising the Major Event); and for collaborating with the Facilities Manager to ensure that all public safety and security concerns are addressed and all applicable laws and university regulations and policies are followed. The Event Sponsor will ensure that the Major Events Policy and Procedures are adhered to during the event planning process, and that the appropriate approvals are sought and secured prior to the implementation of a Major Event.

Event Monitor: The Event Monitor (a University employee) will be on-site during a major event and is responsible for ensuring that the Major Events Policy and Procedures are followed at all times.

B. Procedure Steps/Checklist

Major Event Approval Procedures

The following procedures must be followed by all Event Sponsors wishing to hold a Major Event on University Property:

a. Comply with all University policies and all applicable laws and regulations throughout the Major Event planning and implementation process.

AT LEAST SIX WEEKS PRIOR TO THE MAJOR EVENT:

b. Review the Major Events Policy (section II) to determine if the proposed event may be a Major Event. Registered Student Organizations should engage their organization advisor in making this determination and in planning for the Event. The Procedures specified...
here must be followed only if the Event Sponsor determines that the Event may be a Major Event. In case of doubt, these Procedures should be followed.

c. Make a preliminary facility hold for the desired location for the Major Event. Please note the following when considering possible facilities for your event:
   i. Major events may not exceed the maximum room capacity established by the Campus Fire Marshal.
   ii. A preliminary hold or reservation or indication of availability does not constitute approval of the use of the venue at the proposed date and time. Before agreeing to a request for use, the Facilities Manager is responsible for confirming that the Event Sponsor has satisfied all required University requirements, including those of this Policy and Procedures.
   iii. Approval of facility use will not be based on content or viewpoint anticipated to be expressed during the event.

As a condition of approval, the Major Events Approval Authority may impose conditions or requirements on Major Events undertaken by Event Sponsors.

e. Complete and submit UCPD Event Assistance Request Form (https://police.ucsc.edu/services/event.html). If the University has good-faith concerns about public safety associated with an Event, the University reserves the right to relocate the Major Event to a different venue and/or to a different date or time than what was requested by the Event Sponsor. The University reserves the right to alter at any time without notice the facilities that are available for Events. Interim Major Events Policy
(Policy DSS-001)

I. Purpose of the Policy

The University of California, Santa Cruz is committed to ensuring that all persons may exercise the constitutionally protected right of free expression and that there is an ongoing opportunity for the expression of various viewpoints. UC Santa Cruz (UCSC) is also committed to enabling persons to host a variety of Events on University Property, thereby enriching the university experience.

Accordingly, UC Santa Cruz (UCSC) makes available certain facilities for use by staff, faculty, students, alumni, and the community at large. In case of conflicts, the university gives preference of venue to university employees. Each facility has rules for use, which may include fees and other requirements.

In addition to rules issued by individual facilities, UCSC has a strong interest in ensuring that Events on campus do not disrupt university functions or activities, pose unreasonable danger to people or property, or conflict with other Events.

Producing a Major Event while ensuring freedom of expression, safety, and continuity of university functions requires preparation and planning. The purpose of this policy and the accompanying procedures is to assist in planning successful Major Events on University Property while allowing the University to address possible legal concerns and ensure that policies governing freedom of expression, safety, disruption of university business, and other matters are followed.

Therefore, all Major Events on the Santa Cruz campus must comply with this policy. Failure to comply with this policy may result in discipline, legal liability, and/or cancellation of the Major Event.

The University will administer this policy without regard to the viewpoint of the Major Event Sponsor or the people performing at or attending the Major Event. This policy may not be used to prevent the lawful exercise of the constitutionally protected rights of freedom of speech or assembly. **Criteria for assessing Events must be applied in a viewpoint-neutral manner.**

III. Detailed Policy Statement

The University reserves the right to classify any proposed Event a Major Event that is subject to this policy, consistent with the definition set forth above.

All Major Events must have Event Sponsors. To host a Major Event on University Property, Event Sponsors must first obtain permission from the Major Events Approval Authority by complying with the requirements stated in this Policy and following the Major Event Approval Process given in the accompanying Procedures. This approval process requires that arrangements for a Major Event begin in time for adequate planning.

Event Sponsors may not publicly advertise or promote a Major Event before receiving approval to hold the Major Event as provided in this Policy and the accompanying Procedures. Submitting an application for permission to hold a Major Event does not guarantee that permission will be granted or will be granted for the date, time, or facility requested.

As a condition of use of University Property, Event Sponsors agree to be solely responsible for their Major Events, including (but not limited to) the Major Event’s content, planning, advertising, security, implementation, and costs. The University is not responsible for the content, planning, advertising, security, implementation, or costs of Events organized by Event Sponsors.

Event Sponsors agree to reimburse the University for any damage or injury arising from their Events and agree to defend and indemnify the University from all losses, liabilities, or claims arising from their Events to the extent that the damages or injuries or the losses, liabilities, or claims arise from the negligent or intentional acts of the Event Sponsors or their agents, affiliates, guests, or invitees. The University may provide assistance, guidance, and suggestions to Event Sponsors regarding their Events, but such assistance, guidance, or suggestions will not eliminate, alter, or limit the sole responsibility of Event Sponsors for their Events.

Major Events that are deemed by the Major Events Approval Authority as requiring security plans will be subject to the following requirements: In consultation with UCPD, the Event Sponsor must develop and submit a reasonable security plan that addresses foreseeable risks associated with the proposed Major Event. This security plan must be submitted according to the timeline specified in the Major Events Procedures document. The University reserves the right to provide additional security to a Major Event for the protection of public safety or University property. The University will not charge special fees to the Event Sponsor if the University decides to provide additional security over and above the security required of the Event Sponsor under the approved security plan. The provision of additional security by the University does not relieve Event Sponsors from responsibility, including legal liability, for the security of their Events. External security firms hired to work at an Event must be approved by the UCPD. Please see Appendix I of the Major Events Procedures for additional guidelines regarding security plans.

Sponsors must comply with all University policies. Sponsors must have on-site at all times during the Major Event an Event Monitor charged with supervising the Event.

If the University reasonably concludes that an Event presents an imminent threat to safety or property or if the Event is not in compliance with all University policies, including but not limited to the requirements stated in this policy, the University may prevent the start of an Event, terminate an Event in progress, or relocate an Event from one place to another.

Nothing in this Policy limits the authority of UCPD or other appropriate law enforcement authorities to declare an unlawful assembly and order immediate dispersal or otherwise enforce criminal laws.
Events must not:

(1) Unreasonably disrupt or interfere with other University business, functions, or activities, or disrupt or interfere with the permitted activities of University Affiliates or invitees.

(2) Violate the legal rights of other persons, endanger their physical safety, or unreasonably disrupt, interfere, or obstruct viewing or hearing of an expressive activity of another person or group that is in compliance with University policy.

(3) Obstruct or interfere with the ingress or egress to any University facility or obstruct or interfere with the use of any walkways, roadways, or fire lanes.

(4) Include any activity that damages or poses an unreasonable risk of damage to the environment (e.g., trees and other vegetation, wildlife) or to property.

(5) Take place inside or within 100 yards of a University residential hall, dormitory, or apartment during (i) residential quiet hours (between 10:00 p.m. and 8:00 a.m. Sunday through Thursday or between midnight and 10:00 a.m. Friday and Saturday); or (ii) finals week quiet hours (from 10:00 p.m. on the Thursday prior to the start of finals to the end of the quarter).

(6) Have inadequate logistical, security, or budgeting plans to ensure adherence to University policies, including the requirements of this Policy.

(7) Violate law, this Policy, or other University policies.

Priority for the use of University Property will be given to Affiliates of the University of California. Subject to the requirements of this policy, and to campus regulations and policies applicable to specific facilities, campus facilities may be made available for use by Non-Affiliates, provided those facilities are not needed by the campus at that time and use by the Non-Affiliate users adheres to University policies, including the requirements given in this policy.

Permission to hold a Major Event on University Property may be denied, or a Major Event may be delayed, if the requirements of this Policy and the accompanying Procedures are not followed. **Approval of an Event will not be based on content or viewpoint anticipated to be expressed during the Event.**

Holding a Major Event on University Property without adhering to the requirements of this policy is prohibited and may result in discipline and/or legal liability for the Event Sponsors and may result in termination of the Event by the University.

**Compliance**

Any individual found to be in violation of this policy may be subject to disciplinary action in accordance with applicable faculty, staff personnel, or student Code of Conduct policies, including collective bargaining agreements.

If an Event Sponsor wishes to contest any decision of the University under this Policy and Procedures, the Event Sponsor must submit a written appeal to the Major Events Approval Authority or designee within seven calendar days of receiving notice of the decision. The Major Events Approval Authority or designee may conduct an inquiry into the facts and circumstances and will respond to the appeal within ten business days.
